SPORTSLIVE – SPORTS PLATFORM OVERVIEW

Visit: https://www.sportslive.co.za

About SportsLive:

SportsLive is a digital sports technology platform designed to help manage and grow sports at all levels — from grassroots to professional leagues. It provides tools for sports administration, competitions, athletes, and clubs all in one system.

What the Platform Does:

1. Manages sports leagues and tournaments
2. Tracks athletes and performance statistics
3. Connects clubs, schools, and federations
4. Provides live data dashboards
5. Supports government and sports organisations

Key Features:

1. Digital sports management (paperless system)
2. Mobile app for players, parents, and coaches
3. Live fixtures, scores, and statistics
4. Event and competition creation tools
5. Athlete development tracking

Who Uses It?

1. Sports federations
2. Schools and clubs
3. Government sports programmes
4. Coaches, players, and parents

Why It Matters:

1. Improves sports organisation efficiency
2. Helps discover and track talent
3. Supports national sports development
4. Makes sports management fully digital

Summary:

SportsLive is an all-in-one sports operating system that helps manage everything from local school sports to national competitions.
